Sattel®  
office furniture

# Índice

**02 - Elle      Senior**

---

**04 - Marco    Senior Operational**

---

**07 - Arco      Senior Operational**

This brochure provides you an overview of our lines and systems based on a selection of different configurations to communicate the specific use of our furniture.

We have a wide range of materials and colors for surfaces and finishes.

First level companies have already trusted us to equip their offices and spaces of work. Do not hesitate to consult our works and references at [www.satteloffice.com](http://www.satteloffice.com)

## Elle Senior

It is the line of management furniture where the role of each of its components are expressed through genuine and balanced forms.

Noted for its links of noble materials and its aluminum profiles that they grant a perfect balance between the classic and the modern.

## **Marco - Senior Operational**

**Solve the current layout needs, scalable versions that  
They allow each position to be adapted to the required functionalities.**

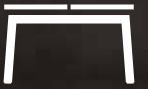

**Efficiently solve wiring situations and the needs of personal  
or joint saving.**

Middle Management Desk and Meeting Tables.  
Caps in 25 mm, microtextured metal structure with closed or open gantry.  
Finishes of choice. Various sizes, folding caps of anodized aluminum wiring.

## Arco - Senior Operational

ARCO is an integral solution for your workspace, thanks to its different configurations that allow lateral growth. Adding extensions and different options for storage by position of work.

## Storage system

In Sattel we offer an extensive storage system with drawers, cabinets and libraries combining utility with aesthetics and simplicity.
